

Mapping to Your N: Drive

NOTE: You must have a successful connection to the College network before attempting these steps.

1. Click on **Go** and select **Connect to Server** (see *Figure 1*)

Figure 1

2. The *Connect to Server* box will open
3. Under the *Server Address:* heading type in **smb://algshare/home** (see *Figure 2*)

Figure 2

4. Click on **Connect**
5. You will be prompted to enter your Algonquin username and password
6. In the *Workgroup or Domain* field, type in **Woodroffe** (see *Figure 3*)
7. In the *Name* field, enter your **Algonquin username** (see *Figure 3*)
8. In the *Password* field, enter your **Algonquin password** (see *Figure 3*)

Figure 3

9. Click on **Ok**
10. Your N: drive window should automatically come up, if not, click on **Go** and then select the **Home** option with the *Network icon* beside it (the Home option with the house icon beside will take you to documents on your local hard drive)
