

WEP Wireless Configuration

1. Click on the *Airport icon* in the top, left corner (*see Figure 1*)

Figure 1

2. Select **Other** from the drop down menu (*see Figure 2*)

Figure 2

3. You will then be prompted to enter information about the network you are connecting to
4. In the *Network Name* box, type in **AlgKeyWLAN** – the network name is case sensitive, so be sure to type it in exactly as it is shown in *Figure 3*

Figure 3

5. Click on the down arrow beside *Wireless Security* and select **WEP Password** (see *Figure 4*)

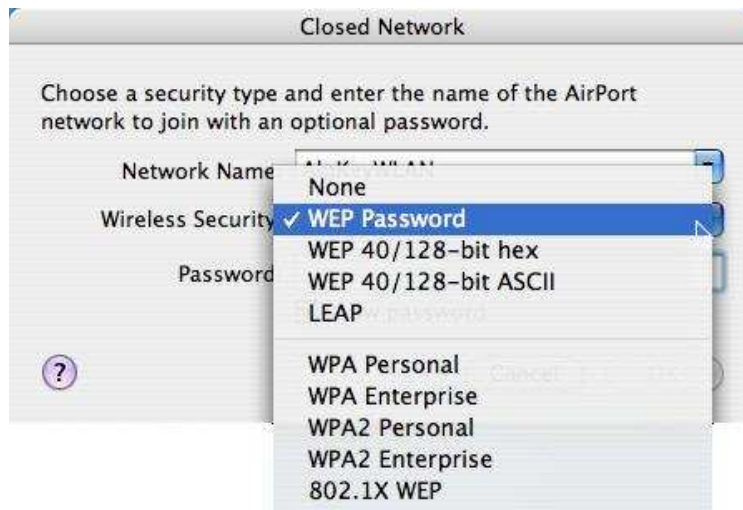

Figure 4

6. In the *Password Box*, type in **802114afee** (see *Figure 5*)

Figure 5

7. Click on **OK**
8. Once you have a successful connection, you will have to authenticate to the Algonquin Network

Authenticating to the Algonquin Network

In order to authenticate to the College Network, you will require your Algonquin username and password first. You can obtain this from ACSIS – please see the “Retrieving your Algonquin College Username and Password” section in the “AC SIS” Instruction Sheet.

1. Launch Safari
2. You will be prompted to log in with your Algonquin username and password (*see Figure 6*)

ALGONQUIN COLLEGE

Algonquin College Network Access

User Agreement
The Acceptable Use Policy specifies the College's policy regarding user responsibilities, general computing, privacy, and provision of information including Access Centres.

Student Technology Fee Agreement between Algonquin College and the Students' Association.

User Agreement In consideration of the issuance to me of an Algonquin Internet account UserID, I agree that:
General:

Username:

Password:

By logging into this site you are agreeing to the above internet access usage policy.

Figure 6

3. Enter your Algonquin username and password
4. Click **Login>>**
5. Once you have logged in successfully, a session page will “pop-up” (*see Figure 7*) and you will also be re-directed to your original home page and can use the Internet

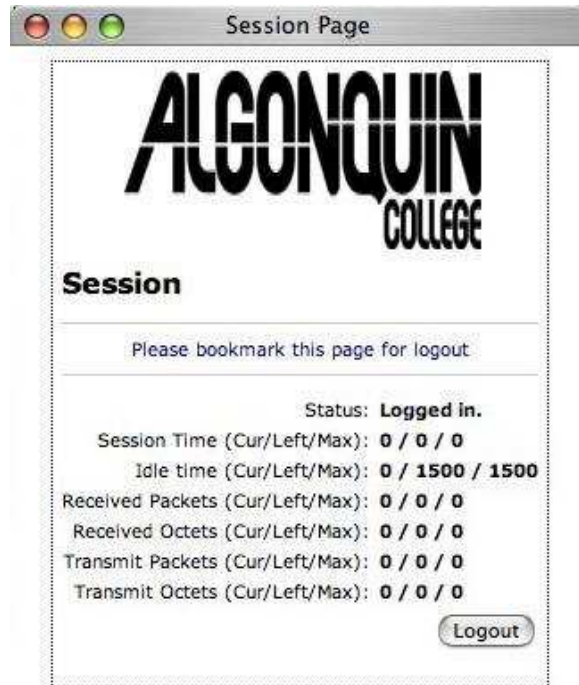

Figure 7

6. Leave the pop-up open until you are ready to log off the network
7. When you are ready to log off the network, click on the **logout** button
