FEES 2008-2009 GLOSSARY

ANCILLARY FEES*

Fees for items not covered by the tuition fees established for a course or program of instruction that students may be required to pay upon enrolment. Categories of ancillary fees are approved by the Ministry and are outlined in this operating procedure. Compulsory ancillary fees are ancillary fees that a student is required to pay in order to enrol or successfully complete any course or program of instruction eligible for general purpose operating grant support.

GENERAL PURPOSE OPERATING GRANT*

The portion of the provincial operating grant for colleges that is distributed among colleges on the basis of each college's share of reported enrolment in courses and programs of instruction eligible for funding.

HIGH DEMAND PROGRAM OF INSTRUCTION*

A program of instruction eligible for general purpose operating grant funding for which colleges have the discretion to charge fees above the maximum permitted for regular-fee programs. This discretion is allowed for applied degree, graduate certificate or Baccalaureate of Nursing programs and/or for basic programs which have been determined to meet each of the following three criteria:

1. there is high demand for instructional space;
2. graduates have above-average prospects for employment; and
3. graduates have the potential to earn an above-average income.

INTERNATIONAL STUDENT*

A foreign national who meets the requirements that authorize enrolment in an educational institution in Canada established under the Immigration and Refugee Protection Act.

PRIOR LEARNING ASSESSMENT AND RECOGNITION (PLAR)*

A process that uses a variety of tools to help learners reflect on, identify, articulate, and demonstrate past learning. Prior learning can be acquired through study, work, and other life experiences that are not recognized through formal transfer of credit mechanisms.

TUITION FEE FACTOR (TFF)*

Each post-secondary program is assigned a tuition fee factor by the Ministry. With few exceptions, the tuition fee factor is 1.0 for one-year programs, 2.0 for two-year programs, 3.0 for three-year programs and 4.0 for four-year programs. The annual tuition fee is the fee that would be paid by a student in a program with a tuition fee factor of 1.0 per academic year consisting of two semesters.

TUITION FEE INCREASE

Tuition fee increases apply to the previous year's fee for the applicable cohort.

TUITION SHORT PROGRAM*

A program that generally is less than 52 weeks in duration, is designed to prepare students for employment or career advancement or to provide vocational updating or academic upgrading, and normally leads to a certificate as defined in the Credentials Framework (see the Minister's Binding Policy Directive on Framework for Programs of Instruction).
