Message from the Board of Governors

Congratulations on your Graduation.

On behalf of the Algonquin College Board of Governors, I am pleased to share in the pride that you, our learners, experience today and join you in celebrating your hard work and dedication. As you transition to the next phase of your lifelong learning journey, I hope the experiences you have had at Algonquin College will sustain you and enable you to continue to “transform your hopes and dreams into lifelong success”.

Now that you have become an alumnus of Algonquin College, I encourage you to stay in touch. The contacts that you have made with Faculty and Staff can remain an ongoing resource. Your friends and colleagues at Algonquin can be with you for many years to come. Share your experiences and successes with them.

We have found that our graduates are the best ambassadors for Algonquin College. Your enthusiasm and fond memories of the time you spent at Algonquin will encourage others to join our family of learners. We are grateful for your recommendations to others to choose Algonquin as a centre of high-quality, applied and experiential learning.

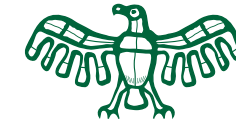

As you go forward in your careers, carry with you, in your relationships and in your workplace, the values that Algonquin has promoted while you were here: “Caring, Learning, Integrity and Respect.”

Best wishes to you in your future endeavours.

Sincerely,

James G. McCracken
Chair of the Algonquin College Board of Governors

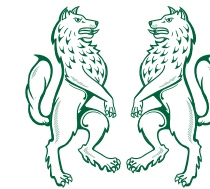

THE HISTORY

— THUNDERBIRD —
REPRESENTS OUR QUEST TO CREATE
AND SHARE KNOWLEDGE

— EVERGREEN TREE —
REPRESENTS THE RICHNESS OF NATURE,
RESILIENCE, AND LONGEVITY

— TWIN WOLVES —
SUPPORTERS THAT SYMBOLIZES
POWER AND LEADERSHIP

— WAMPUM BELT —
SYMBOLIZE STORIES PASSED
DOWN BY GENERATIONS

— LIGHTNING BOLTS —
SYMBOLIZE THE SPARK OF INSPIRATION,
INNOVATION AND TRANSFORMATION

— MOTTO —
OUR VALUES OF CARING, LEARNING,
INTEGRITY AND RESPECT

Our coat of arms is steeped in symbolism, reflecting Indigenous and Canadian cultures. The creation process for the emblems was done in consultation with the College's Indigenous Education Council and its Mamidosewin Centre, as well as the Kitigan Zibi Anishinabeg and Algonquins of Pikwàkanagàn First Nations.

ALGONQUIN COLLEGE'S PROUD HERITAGE

Algonquin College is situated on unceded, unsundered territory of Algonquin people. Traditionally known as "Anishinabe", Algonquin people are the original inhabitants of the wide swath of territory along the Ottawa River on which Algonquin College's campuses in Ottawa, Pembroke, and Perth now sit. To honour and recognize the Algonquin People, the college adopted the name Algonquin when it was founded in 1967.

In Algonquin culture, it is appropriate for guests to acknowledge the hospitality of their hosts when entering their territory. With this tradition in mind, Algonquin College respectfully thanks the Algonquin people for hosting us on their ancestral lands; both today during this ceremony and each day on our campuses in Ottawa, Perth, and Pembroke. Meegwetch (thank you).

Algonquin College is proud of its strong partnership with the First Nation, Métis, or Inuit communities and organizations with whom we share the common goal of supporting Indigenous learners as they strive for academic and career success. This partnership is realized in many ways, one of which is through Algonquin College's Indigenous Education Council (IEC). This council brings members of First Nation communities and organizations together with Algonquin College leaders and students to identify the unique needs of our Indigenous learners and to work together to meet those needs.

As a result of these partnerships, Algonquin College maintains a strong commitment to the over 1,000 learners of First Nation, Métis, and Inuit heritage who attend our institute each year. Algonquin College offers high-quality programs and services reflective of Indigenous culture and values; such as the Mamidosewin Indigenous Student Centre, the Pathways to Indigenous Empowerment Program, the Indigenous Studies Program and the Indigenous Pre-Apprentice Cook Program. Algonquin College is honoured that so many First Nation, Métis, and Inuit learners choose to join the College community.

Honorary Degree Recipient **Graham Bird**

President and CEO, GBA Development
and Project Management

The roots of the Bird family run several generations deep in the Ottawa area. Graham Bird has taken that family legacy as an obligation to keep making Ottawa better for future generations. As president and CEO of GBA Group, Bird often says that helping to build Ottawa is a great privilege – to imagine what could be, to work with visionary partners and to achieve that vision together. This aligns with the vision of Algonquin College and the School of Business and Hospitality.

Bird's work at GBA Group included involvement in several large redevelopments in the Ottawa area and beyond. A few notable projects include the Lansdowne Revitalization Project, World Exchange Plaza, the Shaw Centre, and the Royal Ottawa Mental Health Centre. Currently, GBA Group is engaged in the major New Campus Development of The Ottawa Hospital, a multi-year project comprised of several progressive infrastructure developments.

With more than 35 years of experience in the development and project business, Graham managed a wide variety of multidisciplinary projects and related activities for both the public and private sectors.

On his leadership style, Bird described the importance of delegation, letting area experts shine in their strengths and coming together for a collaborative effort.

Bird credits extracurricular involvement for aiding in his success. He fell in love with doing many things like sports and theatre, which helped connect him to a broad spectrum of people to be inspired by and seek insight from. He found inspiration from the community and the people he's met through life, sports and business.

In addition to his impressive career accomplishments, Bird has always been extremely passionate about strengthening the community. He believes that true success is not just measured by personal achievements, but by the positive impact we make on the lives of those around us. He has been an avid volunteer with more than a dozen organizations over the years. At the onset of his career, Bird was elected as a City Councillor for the City of Ottawa and Regional Municipality of Ottawa-Carleton, a position that established his professional ethos as a civic minded person. Among other roles, Graham has been the Chair of Ottawa Board of Trade, on the Board of the Ottawa Heart Institute and Operation Come Home. As a testament to his volunteer work, Bird received the Order of Ottawa award from the City of Ottawa in 2018 and the Sovereign's Medal for Volunteers by Governor General David Johnston in 2016.

Bird encourages new graduates to roll up their sleeves and get involved in the community to meet people, further their careers and have more fun along the way.

Honorary Degree Recipient **Chris Phillips**

Businessperson; former Ottawa Senators hockey player

Former Ottawa Senators player, philanthropist and local businessman Chris Phillips is set to receive an honorary degree from the School of Health Studies at Algonquin College.

Phillips is the longest-serving player in Senators' franchise history and an Ottawa Sports Hall of Fame inductee. Phillips' professional accomplishments are abundant. He played for Team Canada at the 1996 and 1997 World Juniors, he won the Jim Piggott Memorial Trophy for rookie of the year, and the Bill Hunter Memorial Trophy for top defenseman. Phillips assisted the Senators in reaching the 2007 Stanley Cup Finals and he was the longest serving alternate captain for the Senators for 10 seasons. His jersey number, #4, was retired by the team in 2019.

In addition to his accomplishments as a professional athlete, Phillips put his business mindset into action in 2012 when he became the co-owner of Big Rig, a microbrewery in Ottawa, which he has since sold. In 2014, his Big Rig Black IPA beer won a gold medal at the Ontario Brewing Awards.

Over the past 20 years, Phillips' generous philanthropic endeavors include supporting more than 20 charitable events and causes within the community, including Movember Canada, Candlelighters Childhood Cancer Support Program, Children's Hospital of Eastern Ontario, Ronald McDonald House Charities and the Ottawa BGC (formerly Ottawa Boys and Girls Club), to name a few.

Along with his wife Erin, Phillips hosted a fundraiser in Ottawa to raise relief for the Fort McMurray wildfires. As a result, they were awarded the Order of Ottawa in 2016 for their charitable efforts.

A philanthropist at heart, Phillips credits his community involvement to the values installed through professional sports by acknowledging the social responsibility that comes with the platform of being a big-league hockey player in Canada.

Phillips leads by example in the community, in business and in the rink, demonstrating and reiterating to those around him the values of old-fashioned hard work, persistence, seeking opportunities for growth and goal setting. Effective collaboration and teamwork continue to be important to aiding his success in sports, business and philanthropy. Phillips advises new graduates to embrace these traits, building the foundations of their blossoming careers one piece at a time.

As a public figure, Phillips spoke of the importance of leaving work at work and compartmentalizing your focus to be present "off the rink" with family.

Phillips supported the Senators community and business development as the Executive Director of the Senators Community Foundation. In 2022, he rejoined as the Senators Vice President of Business Operations. Today, Phillips continues to lead a well-rounded life in the Ottawa community, supporting the Senators and the Senators Community Foundation, continuing his commitment to philanthropy work and enjoying family life.

Singer	Areeya Rattavong, Alumni, Algonquin College Performing Arts Program
Pipe and Drum Band	Gregory Kingsbury, Jeremy Pyone, Tim Reid

Honorary Degree Recipient **Dipak Roy**

Chair, D-TA Systems Inc.

Dr. Dipak Roy knows a thing or two about the future of technology.

With engineering degrees from Kolkata's Jadavpur University and Ottawa's Carleton University, two tech patents, appearances in more than 30 technical publications and membership in AOC Global's Electronic Warfare Technology Hall of Fame — the first Canadian to ever receive this prestigious recognition — Roy has made a name for himself as an authority in the electronic defence sector.

A long-time entrepreneur, Roy started his first company, ICS, in 1978, initially operating out of a warehouse basement. With a focus on sonar, radar and communications technologies for the defence market, his company grew to serve in more than 20 countries and win multimillion dollar contracts, including a \$50 million sonar upgrade for the United States Navy.

This high-profile work has given Roy a unique insight into the relationship between society, security and technology, as well as how the status quo can be impacted by world events. He believes education and research and development (R&D) are of paramount importance for the future of both his industry and Canada as a whole.

As part of his efforts to improve the future of electronic defence, Roy has been heavily involved with Carleton University, creating a lab for engineering students, supporting various R&D projects and employing graduates. A number of Algonquin College students are also employed at D-TA Systems, where Roy serves as founder and executive chairman.

For graduates and current students, Roy said that all future workers must embrace a multidisciplinary approach and have a broad interest in various technologies among an ever-changing industry. He also stressed the importance of people skills and said the ability to understand and relate to people is a tremendous benefit in a person's career growth.

Honorary Degree Recipient **Tomson Highway**

Indigenous playwright, novelist, pianist and songwriter

“Whatever you do, do it with joy. God put us on the planet to laugh.”

Prolific. Passionate. Perseverant. These are just a few words to describe the talented Tomson Highway. An impressive wordsmith, Highway is an author, playwright, novelist, songwriter and musician who has enhanced the Canadian literary, music and arts scenes for decades.

His works have dealt with issues affecting First Nations people, including residential schools, life on a reservation, Indigenous identity and more. He is an officer of the Order of Canada and received the Lifetime Artistic Achievement Award at the Governor General's Performing Arts Awards in 2022. In 1998, Maclean's Magazine named him one of the 100 most important people in Canadian history.

Highway was raised in northern Manitoba, near the borders of the Northwest Territories, Saskatchewan and Nunavut. The 11th of 12 children. When he was six, he and his youngest brother were sent to a residential school and taught by Jesuit priests, receiving what he described as an excellent education. Those early memories and world view shaped the person he is today.

Over the years, Highway has been on the world stage and a passionate participant and observer. He has visited 65 countries and speaks seven languages. He considers education a gift and described learning another language as an act of respect and an act of love.

When asked what advice he has for graduates he said whatever you do, do it with joy. God put us on the planet to laugh. If you haven't laughed 100 times in a day, you haven't lived that day.

He believed developing an understanding of other people makes an ideal leader and encouraged people to listen respectfully.

Highway's motivation in life could not be simpler. Love, he said, is what motivates him.

With accolades, honours and awards that number in the double digits, Highway is most proud of his ability to laugh. He said a person is at their most beautiful when they laugh, and that he needs to hear laughter every day.

At a time where education has a major focus on STEM-related subjects, Highway maintained the importance of the arts. He said he sees medical professionals taking care of physical health and those in the arts dealing with the human spirit. The arts are a different kind of science and they have healing agents like laughter, love and emotion. He believed that artistic disciplines are just as important.

Fellowship Award Recipient **Steve Barkhouse**

Owner, Amsted Design-Build

Community is an important word to Steve Barkhouse. Growing up in a farming community in Stittsville, he was raised by his parents who taught him that community did for them, and they did for you. His grandfather and father were both drywallers and builders, so he knew early on that a career in the trades was something he wanted to pursue.

Those small-town values stayed with him and led him to study at Algonquin College, first in the Architecture program before switching to Business Management. He graduated in 1988, then attended and graduated from Lakehead University with a degree in human resources and industrial relations. All the while he describes his sense of community as being ingrained in him as a part of his fabric and make up. He believes Algonquin College shares those same values.

In 1989, days before beginning his first job, he arrived at the new office prepared to sign paperwork, only to learn his position was no longer available due to the recession.

With few prospects he decided to open his own business. As a skilled carpenter, he began with small jobs and that led to more opportunities, hiring people and growing his company. Almost 35 years later, Barkhouse and his best friend co-own and run Amsted Design-Build, a firm that employs 60 and designs, builds and renovates custom homes in the Ottawa Valley region.

During the past three decades he's never left Algonquin College far behind. His business hires co-op students and graduates, he has served as a member of the Board of Governors, and he was co-chair of the steering committee that raised funds to build the Algonquin Centre for Construction Excellence.

Barkhouse believes the intention of a community college is to serve its community and he felt that staying involved was a way to give back, make an impact and eventually provide career opportunities for those who came after him.

When offering advice to graduates he encourages learners to find their passion. He says when you find your passion, working hard isn't hard work. He also encourages people to treat others with respect, to be brave, bold and confident.

He sees the construction industry on the precipice of massive change. With the demand for homes continuing and increasing he sees the industry transforming and changing, but with great opportunity.

He continues to give back to the community in large and small ways. To mark his business' 35th year, his company has pledged 35 acts of community service. This includes supporting the Boys and Girls Club's Camp Smitty with renovations, cleaning up local parks and planting flowers. This will continue to expand during the year.

He emphasizes that a community cannot thrive without people showing up and participating; active contribution and involvement are essential for its prosperity. This community is truly fortunate to count Steve Barkhouse among its members, consistently showing up and engaging in local affairs.

Our commitment to your success

GRADUATE FOLLOW-UP SURVEY

As an Algonquin graduate, your success is important to us. Our continued commitment to you in terms of excellence, quality, and accountability includes our participation in the province-wide Ministry of Training, Colleges and Universities Key Performance Indicators (KPI) survey.

This survey will be conducted six months following graduation. A consulting firm, Forum Research, will telephone you (they will identify themselves as Algonquin Forum) to administer the graduate version of the KPI survey. The survey collects data related to your college experience, employment status and salary level.

When contacted, Forum Research will ask you what Algonquin College is doing right, and how we can improve, so the Ministry will continue to give your college the support it needs to offer leading-edge education and training.

Forum Research will ask you to provide your current employer's contact information so they, too, can be surveyed about the education and training Algonquin graduates receive. We hope that you will advise your employer that they will be contacted by Forum Research.

To facilitate this process, please ensure that we have your current telephone number. You can update your contact information through ACSIS: acsis.algonquincollege.com
