

Meet the Team - Professors

Pat

Communications Professor

I love walking and gardening in Summer, snowshoeing in Winter, and reading novels all year round!

Arlene

Math Professor

Mathematics & learning are two passions of mine....really! I love the challenge of learning new skills.

I am currently learning to paint with watercolours using Youtube! I also enjoy golfing, skiing, and spending time with grandchildren.

Lorrita

Computers Professor

I love to spend time outdoors, and enjoy running, biking and paddling.

I like learning new skills and am currently learning how to paint with acrylics and play the guitar.
